COMMITTEE CHARGE	**MEMBERSHIP & PARTICIPATION EXPECTATIONS**
The Faculty Learning and Innovation Committee is a committee of the Academic Senate responsible for advancing the professional learning and development of Valley College faculty. Operating under the Senate's primary authority over faculty professional development policy (Title 5 §53200; 10+1, Item 8), the committee develops, plans, and evaluates professional development programs, policies, and priorities that strengthen faculty capacity to serve Valley College's diverse student population. The committee serves all full-time and part-time faculty, recognizing that professional growth across all faculty roles is essential to institutional effectiveness and student success. Recommendations are forwarded to the Academic Senate for final action.	*Attendance:* Members are expected to attend all meetings. Three unexcused absences may result in removal and replacement by the appointing constituency. *Constituency Communication:* Voting members are responsible for reporting back to their constituency groups and bringing constituent input to deliberations. *Equity Commitment:* All members are expected to center student success, equity, and the elimination of achievement gaps in their participation and decision-making. *Appointments:* Voting members are appointed by their respective constituency bodies (Academic Senate, Classified Senate, ASG, or management) prior to the start of fall semester.
