Realignment of Dean's positions	Some changes are necessary if we want to address unmet needs such as technology, on-line college, new program needs (Homeland Security, White Collar Crime, Airline workers safety certification, etc.), Grants, pre-teacher ed expansion, etc. There may be some readjustments/ reclassifications that occur this summer to accommodate these needs without adding a new position. We are looking at a "balance" in management job assignments.	Although no major changes are anticipated at this time, if changes occur that involve instructional faculty, the President will communicate by phone, email, and/or mail with faculty regarding such changes. The President will continue to meet regularly with the Academic Senate President and classified leadership during the summer should unexpected or needed adjustments occur.
