TOPIC	DISCUSSION and ACTION
Minutes of March 29, 2006	

PLANNING & ACCREDITATION AGENDA: 15 minutes

Master Planning Update	
------------------------	--

OTHER BUSINESS: 75 minutes

1. Review of Committees	Should the Diversity and Student Equity Committee really be merged?
2. Student Grade Appeals	Final draft to review – we need to vote on accepting or rejecting this proposal.
3. Satisfaction Survey Results – Dr. James Smith	Faculty Survey Report
4. Student Grievance regulation	Review District Assembly recommendations and vote to accept or reject the final version.
5. Compressed Calendar input	District Assembly and the Calendar Committee will be reviewing the pros and cons of a 16 or 17 week semester calendar. Faculty input will be sought if the discussion gets serious.
6. CCLDI	Leadership Academy July 30- August 3
7. Work load for committee chairs	A question has been raised that the faculty co-chair work-load for the primary committees need additional time to serve as chairs for the primary committees. We already know that the district is not supportive of release time as it takes faculty out of the classroom. What can we do to make the chair positions less time-consuming for faculty leaders?
8. Status of Smoking Policy	Have constituent groups on campus voted to support or not the proposed policy?
