CRIMINAL JUSTICE DIVISION BASIC LAW ENFORCEMENT ACADEMY ASSESSMENT POLICY

- Effective November 18, 2010, the POST Reading and Writing Ability Test (*POST Test*) will no longer be offered by SBVC, and passing the POST Test is no longer a requirement for eligibility to enroll in the SBVC Basic Law Enforcement Academies. In lieu of the POST Test, scores from the SBVC Academic Assessment Accuplacer Testing Instrument (*Assessment*) will be used to determine if applicants are able to read and write at levels necessary to perform the job of Peace Officer, per POST Commission Regulation 9051.
- **Students are required to take the Assessment and place, at minimum, in *ENGL 015 and READ 100 in order to advance to the Physical Agility/Oral Interview/Orientation (PAT.)** The date of Assessment must be within two years of the date of any Academy's PAT (which typically takes place two months prior to an Academy start date), and scores must be verifiable in the SBVC Enrollment Management System.
- Students who do not place at minimum in ENGL 015 and READ 100 and who would like to become eligible to advance to the PAT are advised to either:
 - Enroll in the appropriate lower level sequence course(s) and submit transcript proof of having passed ENGL 914 and/or READ 015 with a C grade or better, or;
 - Provide original transcript proof from an accredited institution of having received an Associate's Degree or higher.

In the event courses in ENGL 914 and/or READ 015 are in progress at the time of the PAT, a Progress Report from the course instructor indicating that the student is currently enrolled in good standing with a grade of C or better may be submitted in lieu of a transcript for purposes of being eligible to participate only; transcript proof of passing the required course(s) must be submitted prior to enrollment in any Academy.

**The required Assessment placements in ENGL 015 and READ 100 are equivalent to the previously required POST Test score of 38-42.*

INFORMATION PACKAGE PRE-SERVICE STUDENTS

CERTIFICATION:

The Basic Academy is certified by the Commission on Peace Officer Standards and Training (POST), and is taught in conjunction with San Bernardino Valley College. Graduate students receive 39.75 units of college credits.

ENTRY REQUIREMENTS:

Students entering into this program will register for the Academy through San Bernardino Valley College, and must meet the following requirements:

1. Government Code Section 1031 (e): requires a high school diploma or passage of the General Education Development Test (GED).
2. Be 18 years of age by DAY ONE of an academy. Because persons may not legally possess a fire arm until the age of 21, it is recommended that all trainees be at least 20 ½ years of age before beginning the Academy. **(NOTE: Many California law enforcement agencies require that applicants be 21 years of age prior to being hired as Law Enforcement Officers. Therefore, we encourage individuals who are under the age of 21 to pursue an Associate of Arts Degree in Administration of Justice.)**
3. Take the SBVC Academic Assessment and place, at minimum, in ENGL 015 and READ 100. Scores must be verifiable in the SBVC Enrollment Management System. The date of Assessment must be within two years of Academy Day One. Students who do not place at specified minimums may be eligible to move onto the POST Physical Agility Test with proof of having passed ENGL 914 and/or READ 015 with a C grade or better.
4. Successfully complete all five events of the POST Physical Agility Test with a minimum score of 384 points overall.
5. Attend an oral interview conducted by the Tactical Staff to determine suitability for Academy and the law enforcement profession. The interview includes, but is not limited to, appearance, personality, maturity, temperament, background, and ability to communicate verbally and in writing.
6. Be free of conviction of a felony in this state or any other state or federal jurisdiction which would have been a felony if committed in this state.
7. Maintain a valid California Driver's License without restrictions other than required eyeglasses.
8. Government Code Section 1030 and 1031 (c): requires fingerprinting and search of local, state, and national files to reveal any criminal records. Present a Department of Justice Clearance Letter (commonly referred to as LiveScan) which reports findings from a search of fingerprints through local, state and national files to disclose any criminal record or indication of violent behavior. The order form is included on page 13 and may be submitted to the San Bernardino County Sheriff's Department, Records Division, 655 E. 3rd Street, San Bernardino, as well as other agencies.
9. Most Police/Sheriff departments require a psychological evaluation by a licensed clinical psychologist that meets POST requirements. Evaluations must show freedom from any behavioral, emotional, or mental conditions which

would adversely affect behavior so as to create an undue risk or harm to themselves, other students, instructors, or other persons. **This test is recommended, but is not required to enter the Basic Law Enforcement Academy.**

10. Have a medical examination verified by a licensed physician who certifies ability to participate in progressive, strenuous physical activities. Although not required, a stress EKG is highly recommended.

The entire process for completing all eligibility requirements may take two months or more, depending on test schedules. This includes SBVC Assessment, the physical agility test, physical exams, fingerprinting, and purchase of all uniforms, equipment, and supplies necessary for attending the academy.

RECRUITMENT:

The San Bernardino County Sheriff's Regional Training Academy **cannot guarantee** employment for pre-service students. However, our academy has an excellent relationship with law enforcement recruitment officers throughout the state of California. Traditionally our pre-service students have an excellent opportunity to obtain employment as peace officers during or after completion of the academy. The success rate is dependent on individual's background and ability to pass the required employment examinations.

NOTE: Per California Commission on Peace Officers and Standards and Training:

Effective January 1, 2009, AB 2028 allows law enforcement agencies to conduct a thorough peace officer background investigation following a conditional offer of employment. This will allow better coordination of medical and psychological components of a candidate's evaluation. It will also reduce costs to local law enforcement by eliminating the need to re-conduct portions of background investigations involving medical and psychological content that could not be initially completed due to existing constraints.

COURSE LENGTH AND GENERAL CONTENT:

The course is **920** hours of instruction, extending over a **23-week** period. All students must successfully complete all phases of the training program.

Students shall follow the rules and regulations of the Academy and of San Bernardino Valley College and their respective departments or agencies while in attendance at the Academy or on any Academy related function or course of instruction.

Students are expected to report to the Academy prepared to begin their training, consisting of, but not limited to:

- A structured discipline program designed to evaluate each student's emotional stability, judgment, decisiveness, courage and ability to make rational decisions.
- Regular inspections to insure professional bearing, demeanor, and appearance; become part of the student's daily work habits.
- Participation in field exercises consisting of crime scene investigations, fingerprinting, water safety, vehicle stops, building and area searches, and other law enforcement skills.
- Participation in firearms training, emergency vehicle operations, defensive driving techniques, weaponless defense, physical fitness, and development of a lifelong fitness program.
- Overall, the student shall be put through a rigorous course of instruction and required demonstrative and manipulative skill level tasks.

COLLEGE REGISTRATION AND OTHER FEES: (See page 12 for estimated costs.)

The college course tuition fees for each student total **\$1,442.00**. Registration is conducted through the San Bernardino Valley College online Enrollment Management System, and all students are responsible for timely registration into the five courses that comprise the Academy: POLICE SCIENCE 002, 100, 101, 102 and 103.
