

## Mathematics Department Meeting

Agenda – January 27, 2014

PS-166 3:00pm

1. New mathematics videos at the Valley website.
2. What is CAI?
3. Schedule – Math 962
4. Partnership with Captain Leland F. Norton Elementary School
5. ACA Career Fair – Anyone interested?

I had asked Dr. Kinde to participate in our Career Fair in February. However she was not available on that day. I was hoping that you might be able to help us instead. The area of greatest interest for me is answering the question... "I'm good at math... what can I do with it for a career?"

Here is the information on the Career Fair: Wednesday, February 26<sup>th</sup> from 12:45 to 2:45 PM

25 minutes total for your session, including time for questions from the audience (but may end up with two different sessions if enough students sign up). Students will sign up for up to four sessions. What kinds of jobs exist within your field?

How do people access those jobs? What is required for education? What is required for training? How does experience play in? Do most of the people in the field make a career of it or do they tend to come and go in the field?

What kinds of people tend to do best in the field? (Could be someone who likes the outdoors, or someone who likes people, or someone who likes numbers, or...)

What skills should a person interested in your field develop in high school? What opportunities should they seek to be part of?

6. SLO Evaluation Summary reports

Mathematics			Three Year Cycle		
Department	Course	Last Assessed	12/13	13/14	14/15
MATH	942	SP08			x
MATH	952	SP08			x
MATH	090	SP08			x
MATH	093	SP08			
MATH	095	SP08			x
MATH	102	SP08		x	
MATH	103	FA08		x	
MATH	108	SP08		x	
MATH	115	FA08		x	
MATH	151	SP09		x	
MATH	250	FA08	x		
MATH	251	FA07	x		
MATH	252	SP09	x		
MATH	265	FA09	x		
MATH	266	SP10	x
