General Information

This two-day summit is a collaborative effort of the Academic Senate for California Community Colleges, the Association of Community and Continuing Education, the California Community Colleges Chancellor's Office, the California Community Colleges Success Network, and the Career Ladders Project.

Participants will learn the basics, challenges, and common practices of implementing or expanding a college's noncredit curriculum. General sessions will highlight the history of noncredit and its future direction in light of current legislation. During team time, colleges will have the opportunity to discuss an optimal organizational structure appropriate for their individual cultures. Breakout sessions will center around five strand themes:

- Noncredit Basics
- Program Development
- Noncredit Challenges
- Instructional and Student Support Services
- Developing and Sustaining a Noncredit Culture

Schedule/Registration/Cost

The summit will open with registration at 8 a.m. Thursday, May 4, and conclude Friday, May 5, at 2 p.m. The registration fee is $75 per attendee. Please find the workshop agenda posted on http://iepi.cccco.edu.
