# SHARED GOVERNANCE MODELS

### Why Change?

- Create 'umbrella' committee space where committees with common interests can have discussion
  - Closes gaps in communication & create path to 'report up'
- Short term projects and initiatives can be addressed by the appropriate 'umbrella' committee
- Realign committee meeting times for efficiency and reduce the number of overlapping meetings.

#### Feedback Needed

- What are the pros and cons of each model?
- Additions? Subtractions? Realignment?

# SHARED GOVERNANCE MODELS

#### **Details**

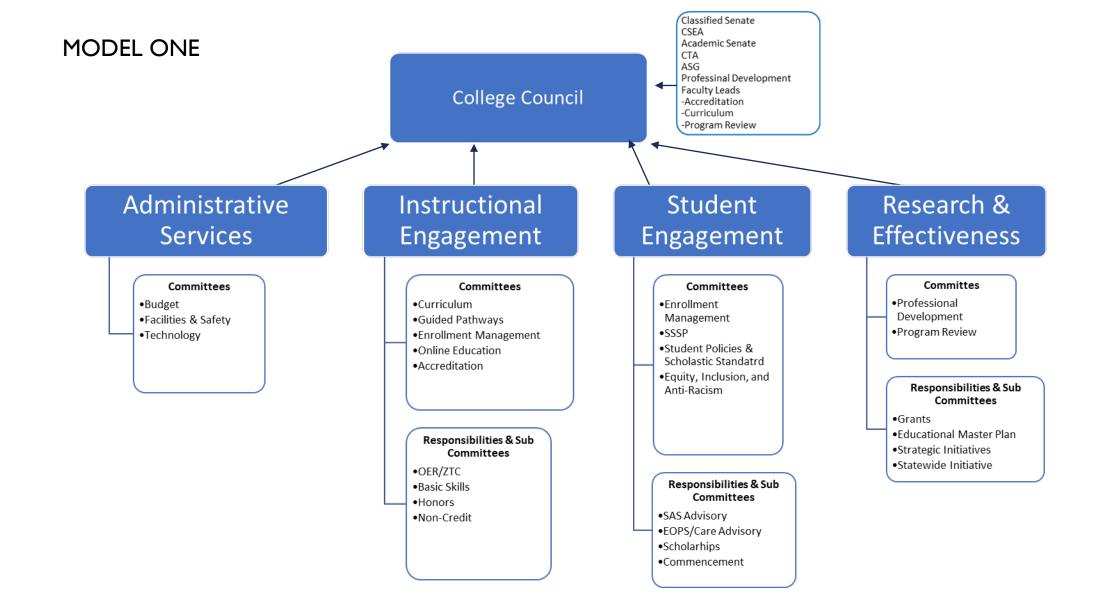

- Meeting day/time changes will begin Fall 24
- Why now? Meeting day/time changes need to be agreed upon before faculty can complete the 24/25-26/27 committee assignments, and complete the SBVC Governance Handbook
- Creation or review of committee charges and membership will begin immediately after meeting pattern is approved.

#### Fun Stuff

- Working with District to better align District & Campus meetings
- Dedicated time period for Division/Department Meetings
- Campus Leadership will no longer be scheduled to simultaneously attend 2-4 meetings
- Passing time and driving time between meetings
