Re: FT Academic (instructional) Senator At-Large Self-Nomination

I am writing to express my interest in the FT Academic (instructional) Senator At-Large position. I am currently serving in my 5th year as a Science Division Senator and am interested in contributing further as a part of the executive team. Last year I served as the chair of the Educational Policy and Procedures Subcommittee where I worked with the subcommittee to institute significant process improvements in the tracking and submission of Senate feedback to the District Policy and Procedures Advisory Committee. I also attended the Fall 2024 ASCCC Plenary serving as our local Legislative Liaison. Given this experience, I believe that I can be a valuable contributor to the executive team in the role of Senator At-Large and humbly request your consideration for the position.

Sincerely,
