### Guests

Daihim Fozouni	Joan Murillo	Paul Adams		

<sup>1</sup>Co-chair - In the event of a tie vote, discussion will be re-opened, followed by a second vote. If the tie still persists, the Curriculum Chair shall cast the deciding vote.

<sup>2</sup>Technical Review Specialist – Non-voting member

<sup>3</sup>Non-voting Member

### Agenda Items

<b>Approval of Minutes</b>	<p>Approval of minutes from the March 2, 2026 meeting:</p> <p><b>1<sup>st</sup>:</b> A. Mills  <b>2<sup>nd</sup>:</b> B. Larivee          13 Responses  <b>Aye:</b> 92% (12 votes)  <b>Nay:</b> 0% (0 votes)  <b>Abstain:</b> 8% (1 vote - C. Jones)  <b>Minutes Approved</b></p>
<b>Course Template Updates</b>	<ul style="list-style-type: none"> <li>Work Experience Template: Melita Caldwell-Betties developed a WST 098 template for work experience courses. While the template was designed specifically for water, it may serve as a guide for other disciplines when revising their work experience courses. The committee discussed whether separate templates are needed for each discipline; this discussion</li> </ul>

Note: Committee members vote on all Proposals, Requisites, Advisories, and Distance Education.

	<p>will continue at a future meeting. The committee also reviewed the current work experience hour range of 60–300 hours per semester and discussed aligning it with updated Title 5 requirements. The proposed revised range is 48–216 hours per semester, to be used while a new template is under development.</p> <p>Motion to update the current work experience hours from 60-300 to 48-216 to align with Title 5.</p> <p><b>1<sup>st</sup>:</b> A. Mills  <b>2<sup>nd</sup>:</b> D. Bouzidi  13 Responses  <b>Aye:</b> 100% (13 votes)  <b>Nay:</b> 0% (0 votes)  <b>Abstain:</b> 0% (0 votes)  <b>Motion Approved</b></p> <ul style="list-style-type: none"> <li>UDL Template - Tabled</li> </ul>
<p><b>Sterile Processing Discussion</b></p>	<p>Joan Murillo from Biology provided an update on the Sterile Processing program. The original curriculum was developed in response to a 2015 request from Arrowhead Regional Medical Center, with initial efforts led by Dr. Susan Bangasser and Lorrie Burnham. Joan later took responsibility for the program, secured a \$160,000 workforce grant, hired a curriculum expert, and oversaw the purchase of equipment. The program and related courses were approved, with plans to house them in the new Allied Health building.</p> <p>Under previous leadership it was assumed the program could not be launched until the facility was complete; however, didactic instruction can occur on campus while clinical partners, including Arrowhead and St. Bernardine’s, would hold clinical hours for students to complete the required lab hours. Interest in the curriculum has grown, with institutions such as RCC, College of the Desert, and Crafton expressing interest, and industry compensation noted at approximately \$125 per hour.</p> <p>The committee discussed relaunching the courses through the curriculum process to ensure they are current. The program aligns with a national accrediting body and prepares students to sit for the required certification/licensure exam. The Central Sterile Technician (CST) component is a shorter program that can pathway into Surgical Technology, which requires a two-year degree. Additional updates are needed for how to accredit the ST curriculum.</p> <p>Program implementation will require a full-time program director with Surgical Technology credentials. Sterile processing labs may be conducted at Arrowhead Regional Medical Center (ARMC), and instructors must hold an ST certificate. The program is planned to be housed within Allied Health.</p>
<p><b>CCN Phase II &amp; Phase III</b></p>	<p>Janice Wilkins informed the committee that Phase III of CCN is currently on pause. The pause is pending legislation that would strengthen alignment requirements for CSU and UC systems. Templates for Phase III have been completed, and work will resume once formal agreements are in place, with full implementation anticipated by Fall 2028. In the meantime, progress</p>

	continues on supporting elements, including updates to the certification form and COCI. Janice also reported that the college remains in good standing for Phase II and is on track to implement it beginning Fall 2026.
Curriculum Committee Proposal Parking Lot	<p>Kay Dee Yarbrough recommended establishing a Curriculum Committee “Parking Lot” to track proposals that have been reviewed by the Curriculum Technical Review Committee but are currently on hold at the Curriculum Committee stage pending updates to related courses or programs. This process will help ensure proposals are organized and ready for committee review. It was suggested that the Parking Lot be divided into separate sections for courses and programs, rather than listed together.</p> <p>Motion to support the Curriculum Committee Parking Lot</p> <p><b>1<sup>st</sup>:</b> M. Copeland  <b>2<sup>nd</sup>:</b> N. Durian          13 Responses  <b>Aye:</b> 100% (13 votes)  <b>Nay:</b> 0% (0 votes)  <b>Abstain:</b> 0% (0 votes)  <b>Motion Approved</b></p>
Batch Approvals	The programs listed under “Batch Approvals” are presented for a single vote of approval as a group.

### Course Action Items

Course ID:	Course Title:	Originator:	Proposal Type:	Notes and Discussion:	Voting:
DANCE 107x2	Beginning Tap Dance	M. Fogle	Modification	Change DE Addendum to RSI instead of Contact.	<b>1<sup>st</sup>:</b> C. Jones <b>2<sup>nd</sup>:</b> N. Durian 13 Responses <b>Aye:</b> 100% (13 votes) <b>Nay:</b> 0% (0 votes) <b>Abstain:</b> 0% (0 votes) Approved pending DE updates.
DANCE 109x4	Ballet Folklorico	M. Fogle	New Course	Fix DE Addendum #9 and address the emergency addendum question nine.	<b>1<sup>st</sup>:</b> C. Jones <b>2<sup>nd</sup>:</b> N. Duran 13 Responses <b>Aye:</b> 100% (13 votes) <b>Nay:</b> 0% (0 votes) <b>Abstain:</b> 0% (0 votes) Approved
WELD 010	Introduction to Welding	J. Milligan/B. Cacho	Modification		<b>1<sup>st</sup>:</b> M. Copeland

Note: Committee members vote on all Proposals, Requisites, Advisories, and Distance Education.
