

WHAT'S HAPPENING NOW & WHAT'S NEXT

San Bernardino Valley College | Curriculum Committee | March 23, 2026

1

WHAT'S HAPPENING NOW

- **Phase III templates are not being released** at this time
- Intersegmental discussions are ongoing to ensure statewide template-level articulation

2

WHY THE PAUSE MATTERS

- No systemwide agreement on template-based articulation
- Transfer decisions still rely on individual CSU/UC campus review

Risks:

- Inconsistent transfer outcomes
- Student confusion
- Duplicative review processes

3

WHAT THIS MEANS FOR COLLEGES

- **Fall 2028** is the earliest required implementation timeline
- Work continues during the pause:
- ADT/CCN Certification Forms
- COCI Updates
- Intersegmental collaboration

4

KEY DEADLINES

ADT/CCN Certification Forms

- **Phase II (A) Certification Form Due:** June 1, 2026
- **Phase II (B) Certification Form Due:** June 1, 2027

📄 5

WHAT'S DRIVING THIS WORK

- **AB 1111:** Requires common course numbering statewide
- **AB 2236 (Proposed):** Moves toward template-based articulation and reduces course-by-course review
- **Big Shift:** From individual course review → system-level alignment
- **Goal:** Consistent transfer across CCC, CSU, and UC

6

PHASE II IMPLEMENTATION

- **Expands CCN to 27 additional courses**
- Courses will be student-facing and in the catalog
- **SBVC will be fully compliant by Fall 2026**

7

WHAT STUDENTS WILL SEE

- New course prefixes, numbers, and titles
- **Updates in the Fall 2026 Schedule of Classes & 2026-2027 Catalog**
