SBVC MISSION:	**VALLEY UP INITIATIVE 2025-2030**
San Bernardino Valley College provides innovative instructional programs and cohesive student services to support the educational goals of a culturally diverse community of learners by engaging in continuous improvement and actively working towards an antiracist culture to foster an environment of meaningful learning and belonging for our students, employees, and the community.	The Initiative organizes its strategic commitments around four interconnected priorities that together define the college's direction through 2030 as follows: 1. Career and Transfer 2. Health and Safety 3. Boldly Student-Centered 4. Opportunities for All
COMMITTEE CHARGE	**MEMBERSHIP & PARTICIPATION EXPECTATIONS**
The Program Review Committee leads and manages the academic program review process, in alignment with ACCJC accreditation standards and linking self-evaluation to institutional planning. For purposes of this committee's scope, academic programs are defined as instructional programs and student services programs in which faculty hold primary responsibility for design, delivery, or oversight of program outcomes. The committee develops and refines program review processes, standards, and criteria through faculty-driven, evidence-based evaluation. Resource needs are collected and synthesized through academic program review and they shall be forwarded to the Planning and Resource Allocation Committee.	*Constituency Communication:* Voting members are responsible for reporting back to their constituency groups and bringing constituent input to deliberations. *Equity Commitment:* All members are expected to center student success, equity, and the elimination of achievement gaps in their participation and decision-making. *Appointments:* Voting members are appointed by their respective constituency bodies (Academic Senate, Classified Senate, ASG, or management) prior to the start of fall semester.
