Admission to pharmacy programs in California is highly competitive. A bachelor's degree is required for entrance into Pharmacy School at USC and UC San Diego. The other universities that offer the program highly recommend a B.A. or B.S. degree. Other factors are important for admission such as pharmacy experience (paid or volunteer), excellent oral and written communication skills, leadership activities, motivation to help others toward wellness, interest in community, a strong aptitude for the sciences, and a well-rounded education. USC offers a Pre-pharmacy program. In addition to the websites provided on the previous page, students may visit:

American Association of Colleges of Pharmacywww.aacp.org
Accreditation Council for Pharmacy Educationwww.acpe-accredit.org
California Board of Pharmacywww.pharmacy.ca.gov

This guide sheet is based on university course articulation and catalog information at the time of publication. **Note that students are responsible for the current major requirements upon transfer to the university.** It is advisable to consult with a counselor once a semester for any changes that may occur.

In addition to major requirements, students are advised to complete general education requirements. Applications for admission to the transfer universities are evaluated for completion of lower-division major and general education requirements. The Intersegmental General Education Transfer Curriculum (I.G.E.T.C.) is for UC and CSU transfer students. The CSU General Education Breadth (CSU GE-Breadth) requirements are for CSU transfer students. ***Note that many independent universities accept IGETC and CSU GE-Breadth as meeting their lower division general education requirements.***

CSU Application Filing Period

*Fall = October 1 – November 30 Winter = June 1-30 Spring = August 1-31 Summer = February 1-28

UC Application Filing Period

*Fall = November 1-30 Winter = July 1-31 Spring = October 1-31

**The majority of transfer students are admitted for fall.*
