

San Bernardino  
**Valley College**  
Water Supply Technology

The Water Supply Technology Program will be offering free non-credit courses. These courses are designed to familiarize students with entry-level training in water conservation, treatment, supply, delivery, and waste collection systems. The test review series expose students to the expected Range of Knowledge (ROK) required to pass the State Water Resources Control Board (SWRCB) Distribution, Water Treatment and Wastewater Treatment Operator tests at levels one to five. The courses may also be used to earn Continuing Education Units (CEU) required to renew the certificate or as refresher classes for operators currently in the field.

<b>Non-Credit Courses</b>	<b>Requirements</b>
WST 601-Test Review for Distribution I WST 602-Test Review for Distribution II WST 611-Test Review for Treatment I WST 612-Test Review for Treatment II WST 625-Test Review for Wastewater I & II WST 629-Introduction to Water Supply Technology	➤ <b>College Admissions &amp; Enrollment</b>  ➤ <b>No Fees Required</b>
