AP 5011 Admission and Concurrent Enrollment of High School and Other Young Students

Eligibility for Admissions

SBCCD authorizes the admission of K-12 students who can benefit from advanced scholastic or vocational work to take credit courses as special part-time students or special full-time students. The District may also admit K-12 students to take noncredit and community education classes. Courses in which high school and other young students are permitted to enroll will be open to the entire college population, and will be taught with the rigor appropriate to college-level courses in accordance with the approved course outline.

The student's K-12 school of attendance maintains the right to grant course credit for courses taken at SBCCD. Courses in which high school and other young students are permitted to enroll will be open to the entire college population, unless a legal exemption applies, and will be taught with the rigor appropriate to college-level courses in accordance with the approved course outline.

To be considered for admittance as a special part-time student, the student must meet the eligibility standards as established in Education Code Sections 48800 and 76001.

Definitions

Dual Enrollment: Dual enrollment refers to opportunities for high school or adult school students, or other eligible students, to enroll in community college courses as a special admit student and receive college credit while also obtaining credit for the enrollment at the student's high school or adult school.

College and Career Access Pathways (CCAP) Dual Enrollment: CCAP Dual Enrollment describes dual enrollment opportunities created by the passage of AB288 whereupon Community College Districts enter into partnerships with public schools to offer dual credit opportunities that promote

seamless pathways from high school to community college for career technical education or preparation for transfer, improving high school graduation rates, or helping high school students achieve college and career readiness.

Non-CCAP Dual Enrollment: Non-CCAP Dual Enrollment refers to dual enrollment in courses not affiliated with a College and Career Access Pathways agreement; this may include Concurrent Enrollment, Middle College High School, Early College High School, and Adult Dual Enrollment programs.

Middle College High School: Middle College High School programs are secondary schools located on a college campus and offer programs designed to serve at-risk high school students who are performing below their academic potential.

Early College High School: Early College High Schools are innovative partnerships between charter or non-charter public secondary schools and local community colleges that allow students to earn a high school diploma and up to two years of college credit in four years or less.

Adult Dual Enrollment: Adult Dual Enrollment shall describe dual enrollment opportunities for special part-time adult students recommended for enrollment at the community college by an adult school pursuant to Education Code 52620. Students enrolled under these provisions are not eligible for CCAP Dual Enrollment.

Special Part-Time or Full-Time Student: Any minor student (any elementary, secondary, or home-schooled student) who attends community college courses during Fall or Spring Semesters and Summer Session(s) and meets certain eligibility standards. A special part-time student takes fewer than 12 units and a special full-time student takes 12 units or more. Dual enrollment students (see below) are a subset of special part-time or full-time students.

Dual Enrollment and Concurrent Enrollment Student: For purposes of this administrative procedure, the terms dual enrollment student and concurrent enrollment student are used interchangeably.

Special Summer Part-Time or Full-Time Students: To be considered for admittance as a special part-time or full-time student, the student must meet the eligibility standards as established in Education Code Sections 48800 and 76001. All special part-time and full-time students shall receive credit for the community college courses completed in the same manner as regularly enrolled community college students.

Admission Process

Admission is subject to seat availability and locally approved college policies for dual enrollment. High school transcripts, grade point average (GPA) and Social Security numbers are not prerequisites for eligibility and should not be used as a condition for student access to dual enrollment.

The student must submit:

- District application for admission.
- When parental or guardian consent is required to admit a student to a community college dual

enrollment course, the consent obtained shall apply to all community college dual enrollment courses attempted by the student until parental or guardian consent is withdrawn in writing.

- Written and signed approval of their principal (NOTE: A parent or guardian of a pupil who is not enrolled in a public or private school may petition directly without the signature of a principal.)
- Demonstration that the student is capable of profiting from instruction.
- The director of admissions and records or designee has the authority to make the final decision on whether a student can benefit from instruction.

High School Students:

For students attending high school, the director of admissions and records or designee will review the materials, and will determine if the student has the abilities and sufficient preparation to benefit from instruction at a community college. The decision of the director of admissions and records or designee shall be final. This determination may be done by applying one or more of the following criteria:

- a review of the materials submitted by the student;
- meeting with the student and their parent or guardian;
- consultation with discipline faculty as needed;
- consideration of the welfare and safety of the student and others; and/or
- consideration of local, state, and/or federal laws.

Middle and Lower School Students:

For students attending middle and lower schools, the determination shall be made by director of admissions and records or designee. The school must provide a letter signed by the principal indicating how in their opinion the student can benefit from instruction. The director of admissions and records or designee will determine if the student has the abilities and sufficient preparation to benefit from instruction at a community college, and that the student's safety and that of others will not be affected. The decision of the director of admissions and records or designee shall be final. Once a decision has been made, the student and their parent or guardian shall be informed of the decision. This determination may be done by applying one or more of the following criteria:

- a review of the materials submitted by the student;
- meeting with the student and their parent or guardian;
- consultation with discipline faculty as needed;
- consideration of the welfare and safety of the student and others;
- consideration of local, state, and/or federal laws;
- review of the content of the class in terms of sensitivity and possible effects on the minor;
- requirements for supervision of the minor; and/or
- times the class(es) meet and the effect on the safety of the minor.

If a request for special part-time or full-time enrollment is denied for a pupil who has been identified as highly gifted, the Board shall provide written findings and reasons for the denial within 60 days. A recommendation regarding the request for admission, and the denial shall be submitted to the Board at a

regularly scheduled meeting that falls at least 30 days after the request for admission has been submitted.
