Leave A Legacy Today!

San Bernardino Valley College is building more than new facilities; we're building opportunity. Our new state-of-the-art Applied Technology Building will prepare students for in-demand, high-wage careers in clean energy, automotive technology, HVAC, and more.

By naming a space in this innovative facility, you can leave a lasting legacy that powers student success for generations to come. Opportunities start at $25,000 for classrooms and labs and go up to $5 million for the full building.

Join us in shaping the next century of student success at SBVC. Naming opportunities are limited; make your mark today.
