

California General Education Transfer Curriculum

The California General Education Transfer Curriculum (Cal-GETC) replaces IGETC and CSU-GE Breadth as the single lower-division general education (GE) pathway for students transferring to the California State University (CSU) and University of California (UC) systems (AB 928-Berman, 2021). Cal-GETC certification is required for students pursuing an Associate Degree for Transfer (ADT). **Note:** Students planning to transfer with a Science, Technology, Engineering or Math (STEM) major are advised to work closely with a SBVC Counselor to determine the appropriate combination of GE and lower-division major preparation courses needed for a successful transfer.

Important Information

CSU and UC Admission Requirements

Completion of Cal-GETC is not an admission requirement, or an admission guarantee for transfer to a CSU or UC. To obtain more info:

- **For CSU** visit the CSU Admissions website <https://www.calstate.edu/apply>.
- **For UC** visit the UC Admissions website <https://admission.universityofcalifornia.edu/admission/requirements/>

Note: students who initially enrolled at a UC campus, then leave and attend SBVC and plan to return to that UC campus (readmits) cannot use Cal-GETC to meet their transfer requirements.

Cal-GETC Certification

- Students may receive full certification only.
- Courses must be passed with a minimum grade of "C".
- Courses are certified beginning the year they are approved and remain certified until officially removed.
- SBVC certifies transfer coursework based on each course's Cal-GETC approval status at the originating campus.
- Official transcripts from high school and other colleges and universities must be on file at the SBVC Admissions and Records Office.

Credit by External Examinations

- Advanced Placement (AP) Exams and International Baccalaureate (IB) Exams can be used to satisfy Cal-GETC subject areas where applicable. Refer to the SBVC Catalog charts for more information.
- CLEP cannot be used for Cal-GETC.

Catalog Rights

Catalog Rights at San Bernardino Valley College (SBVC) are determined by the first term a student registers for courses at SBVC and/or Crafton Hills College (CHC), including courses offered through dual enrollment. Catalog rights remain with a student as long as they maintain continuous enrollment. A student may choose to fulfill graduation requirements from any academic year for which continuous enrollment is met.

Understanding Continuous Enrollment:

- Continuous enrollment is defined as enrolling in at least one course during each academic year at SBVC and/or CHC, including courses offered through dual enrollment (Fall, Spring, Summer).
- Any academic record symbol (A, B, C, D, F, CR, NC, P, NP, I, IP, EW, FW, or W) counts as enrollment.

Please Note: Catalog rights do not guarantee the availability of discontinued or significantly modified programs, courses, or requirements.

Catalog Rights and Transfer Institutions:

The California State Universities (CSUs) catalog rights are governed by Title 5, section 40401. Some CSUs may honor CCC catalog rights policies and extend their applicability to all students, in practice.

The University of California (UC) has no systemwide catalog rights policy. UC will continue to accept appropriate California Community College (CCC) certifications of IGETC and Cal-GETC for incoming students for the time being.

Always consult with a SBVC Counselor

This form serves as a guide to inform students of SBVC's local GE/Graduation requirements and in no way substitutes for a comprehensive education plan.
