Weiss	<p><u>Marketing Activities & Projects</u> Craig presented the group with a need for a professional expert to manage collateral development (creation of new campus brochures and advertising campaigns) for the campus within the Marketing and Public Relations office. Over the past few years these two areas have declined dramatically due to budget restrictions. He requested one time funds of \$15,000.00 to get the two areas in need up to date.</p> <p>Discussion ensued with regard to the qualifications of the professional expert, the need for future funding, and the life span of campus brochures.</p> <p>Dr. Fisher requested a motion to approve one time funding of \$15,000.00 for the hiring of a professional expert to manage collateral development of the campus. Scott motioned to approve the purposed funding of \$15,000.00, James second the motion, all were in favor and the motion was carried.</p> <p><u>Music</u> Kay informed the group that two video cameras along with the essentials kits for the video cameras were ordered last fiscal year from Amazon. The department received one video cameras and 1 1/4 essentials kits from Amazon before the fiscal year ended; the remaining funds were swept. The video cameras are essential in that they are used to record student performances and faculty lessons for student rehearsals. Dr. Weiss requested one time funds of \$850.00 to purchase the equipment which was not received from Amazon.</p>

She will compile them and send out electronically to the group for review. Necessary edits will be made and finalized at the next meeting.
Committee Evaluation Form Update – J. Smith	James and Stacy are in the process of drafting the committee evaluation form. James will present the draft at the next meeting for review and consideration to adopt the form.
AP2225 Update – G. Fisher	<p>Dr. Fisher briefed the group on the history for the revision of the budget committee, additional edits of AP2225, and the outcome of her discussion in Chancellor's Cabinet with regard to the changes. Dr. Fisher informed the group that it was decided in Chancellor's Cabinet to move forward with the collegial process to add the budget committee to AP2225 first, since the document needs to be reworked in its entirety, as determined by Chancellor's Cabinet.</p> <p>Currently there is no documentation that the Academic Senate has approved the addition of the budget committee structure of AP2225. The purpose of the committee is to drive planning which is based on program review. In an attempt to have clear documentation, Dr. Fisher motioned to approve the recommendation to add the budget committee to AP2225 as presented in the budget committee membership and charge document (attached) presented by Scott to this group on this date. Scott moved to approve the motion, Celia second, all were in favor and the motion carried.</p> <p>Dr. Fisher requested a motion to move the request to change the budget ad-hoc committee to a collegial consultation budget committee by forwarding the recommendation to Academic Senate for consideration and ultimate decision. Celia motioned to approve, Scott second the motion, all were in favor and the motion was carried.</p> <p>Jeremiah will take the proposal to Academic Senate for review and approval to adopt the budget committee into AP2225.</p>

<p>3-Year Program Review Efficacy Rotation – S. Lillard</p>	<p>Sheri reviewed the current process for the 3-year Program Review Efficacy rotation cycle and the proposed 4-year cycle, which Program Review has approved the adoption of, with the group. The proposal includes the expansion of the 3-year review cycle to a 4-year review cycle beginning with spring 2014. In addition to the expansion of the review process, additional changes include:</p> <ul style="list-style-type: none"> • Request, as an annual update, all programs submit their EMP with the updated narrative and any other relevant information that would be unique to programs. • CTE programs will be on a 2-year mini review cycle to be in compliance with standards. <p>Sheri requested approval of the new rotation from the group. Celia spoke in support of the proposal and pointed out the positive impact of ongoing assessment on SLO's and Accreditation. Discussion ensued with regard to conditions/terms for adding programs to the review cycle and programs which the group felt should be included in the review process such as Marketing and PR, the Student Assistance Program, Grants Development and Management, and Food and Nutrition Program (as part of Culinary Arts) of which Shari agreed to add into the rotation (Student Assistance Program as part of Human Services).</p> <p>Dr. Fisher asked for a motion to approve the proposed 4-year cycle as presented by Sheri as the rotation is amended, Celia motioned to approve, James second the motion, all were in favor and the motion was carried.</p>

Consensus among the group was to keep the ethics statements separate.</p> <p>Jeremiah presented the revised ethics statement for SBVC faculty, the group reviewed and accepted the statement as presented.</p> <p>James will present the managers ethics statement to the managers for review at their September 13th meeting and will follow up with this group thereafter. Because Cassandra is not able to attend today's meeting to reinstate the Classified Senate statement, it will be tabled for review at the next meeting along with the ethics statement for Students. Michelle will check with Colleen to see if CSEA has an ethics statement.</p>

<p>Communication Flow Chart – G. Fisher/C. Huston</p>	<p>Celia took the communication flow chart to Academic Senate who reviewed it, and after lengthy discussion unanimously voted to support it. It will be reviewed and discussed ant the next Accreditation Committee meeting.</p> <p>Celia has since started the manual layout and the Instructional and Core Competency part of the packets will come out in October. Forms will be made available earlier if needed; packets with spreadsheets, archive data, degree/certificate course mapping, and instructions for how to use course mapping to measure programs will be prepared for each department.</p>
<p>Strategic Planning – J. Smith</p>	<p>James informed the group that the Strategic Planning subcommittee will meet to discuss how they will contribute to developing the measurable outcomes for goals and general editing of final document.</p>

<p>Committee Reports:</p>	<p>Dr. Fisher advised the group that they are not obligated to give a committee report at every meeting, only when reports are necessary. If there is an extensive report to be given, Dr. Fisher requested Stacy be notified to add it to the agenda.</p> <p><u>Professional Development</u> James reported that the new faculty orientations have been done. Next month the new Professional Development Coordinator will start working. James will invite her to Flex Day for lunch to meet some of her new colleagues.</p> <p><u>Accreditation & SLO's</u> The Accreditation and SLO committee will start review of the sub-standards (Standard IIA) and once complete will go to Instructional Cabinet and Academic Senate for review.</p> <p><u>Technology</u> Rick informed the group that new hires are not going through the request process for login ID's, phone lines and email creation. Rick has also put on the agenda for the manager's meeting.</p> <p><u>Curriculum</u> Leticia reported that the committee has been working to meet the October 1st deadline so that courses, degrees, and certificate programs submitted are effective in the school catalog for fall 2014. The committee will have their annual Stand-alone training for mandated courses. The committee is also continuing to work on transfer degrees to get them approved. There is a new Title V mandate for repeatable courses, specifically in Arts, Music and PE areas and the committee is working to level out the courses appropriately.</p> <p><u>Program Review</u> Sheri handed out the Needs Assessment Process with deadlines and instructions which will go out to the area Deans, Department Chairs, and VP's. Ed Millican and Sheri have done a final review and will send the form out tomorrow.</p>
<p>OTHER:</p>	<p><u>Information Item</u> Dr. Fisher informed the group that as the Environmental Scan is disseminated it will be presented here on a small scale by James. The information is valuable in helping to make future decisions and enables the campus to better serve the population. It will be used as a planning tool for the campus.</p>

**First time participating in efficacy review*

Considerations:

- *Expanding from 3-yr to 4-yr cycle for full efficacy review.*
- *All programs required to update and submit EMP narrative yearly (in conjunction with what research office already requests...no additional forms); failure to revise narrative prevents participation in Needs Assessment.*
- *CTE programs also required to have a 2-year mini-review.*
