Administrative Procedure
Chapter 4 – Academic Affairs

AP 4040 LIBRARY AND OTHER INSTRUCTIONAL SUPPORT SERVICES

Sample 1 from another District:

Under supervision of the appropriate administrator, the college librarians in consultation with the faculty and dean from each academic area have the responsibility of coordinating the development and maintenance of a well-rounded, well-balanced collection of instructional materials and resources of the highest possible standard.

The library staff recognizes the obligation of college policies and procedures to promote free and open discussions as an educative force and to prepare students to deal with controversial issues. The library has the responsibility of providing materials on opposing sides of controversial issues and representative of the many groups and opinions prevalent in our society. The college librarians will establish procedures for materials selection.

As a measure of adequacy the library should review its collection against the recommended lists of materials for community college libraries, professional journals in all disciplines taught at the college, and current bibliographic publications. Broad objectives in selection of educational materials include:

- Providing materials that will enrich and support the curriculum.
- Providing materials that will stimulate growth in factual knowledge.
- Providing a background of information, which will enable students to make intelligent judgments in their daily lives.
- Providing materials representative of the diversity of the District.
- Placing principle above personal opinion and reason above prejudice in the selection of materials.

44 If library materials are questioned or challenged by members of the community, the
45 questions should be directed in writing to the administrator of the library of the college
46 involved, signed by the person raising the question, and indicating specific objections,
47 page references, etc. The questioned materials will then be reviewed by the
48 supervising manager and the college librarians. When this review has been completed,
49 the supervising manager will respond in writing to the question/challenge and forward
50 copies of the letter to the College President. The questioner may accept the review, or
51 present an appeal through the College President and the Chancellor to the Board of
52 Trustees.

LIBRARY SERVICES

58 **Students:** All currently registered RCCD students have physical access to District
59 libraries, the libraries' material and computing technology during posted hours. Hours
60 vary by location. District libraries loan material to currently registered RCCD students at
61 no cost. Loan periods vary per item. Overdue fines, fees, and replacement costs may
62 apply. A college identification card is required to borrow material and use computing
63 technology. Remote access to databases is provided by the college library where the
64 student is currently registered. A librarian is on duty to provide instruction and assist
65 with the use of the library and library material during all posted hours.

66
67

68 **District Employees:** District employees use their college identification card to borrow
69 library material at no cost. Loan periods vary per item. Overdue fines, fees, and
70 replacement costs may apply. Remote access to databases is provided by the college
71 library of the employee. Library services cancel upon termination of employment.

72
73

74 **Retirees:** All employees who retire from the District may obtain a library card at no cost
75 by requesting a card from any College library.

76
77

78 **Community Borrowers:** Community members may obtain a library card for a specified
79 academic term (e.g. fall, winter, spring, summer) upon proof of District residency, and
80 age of 16 years or older (California Driver License, California Identification Card, or
81 Military Identification Card required). An activation fee applies for each specified
82 academic term. Activation fees may vary by location.

83
84

85 The library card is valid for the current academic term only and must be reactivated
86 each academic term at additional cost. A valid library card allows the community
87 borrower to access the library, computing technology, and borrow library material. Loan
88 periods vary per item. Overdue fines, fees, and replacement costs may apply. A valid
89 library card does not allow the community borrower remote access to databases.
Community borrowers will not be allowed to borrow reserve materials. A fee will be
assessed for the replacement of a lost library card.

90
91

Certain library material and items must be used in the college library only.

142 provide a broad view of cultural heritage, promote aesthetic appreciation, present varied
143 points of view concerning contemporary problems and issues, furnish intellectual

439 **C. Library and Learning Support Services**

440 Library and other learning support services for students are sufficient to support the institution's
441 instructional programs and intellectual, aesthetic, and cultural activities in whatever format and
442 wherever they are offered. Such services include library services and collections, tutoring,
443 learning centers, computer laboratories, and learning technology development and training.
444 The institution provides access and training to students so that library and other learning
445 support services may be used effectively and efficiently. The institution systematically assesses
446 these services using student learning outcomes, faculty input, and other appropriate measures
447 in order to improve the effectiveness of the services.

448

449 **1.** The institution supports the quality of its instructional programs by providing library and other
450 learning support services that are sufficient in quantity, currency, depth, and variety to facilitate
451 educational offerings, regardless of location or means of delivery.¹

452 a. Relying on appropriate expertise of faculty, including librarians and other learning support
453 services professionals, the institution selects and maintains educational equipment and
454 materials to support student learning and enhance the achievement of the mission of the
455 institution.

456 b. The institution provides ongoing instruction for users of library and other learning support
457 services so that students are able to develop skills in information competency.

462 support services.

463 e. When the institution relies on or collaborates with other institutions or other sources for
464 library and other learning support services for its instructional programs, it documents that
465 formal agreements exist and that such resources and services

466 are adequate for the institution's intended purposes, are easily accessible, and utilized. The
467 performance of these services is evaluated on a regular basis. The institution takes
468 responsibility for and assures the reliability of all services provided either directly or through
469 contractual arrangement.

470 **2.** The institution evaluates library and other learning support services to assure their adequacy
471 in meeting identified student needs. Evaluation of these services provides evidence that they
472 contribute to the achievement of student learning outcomes. The institution uses the results of
473 these evaluations as the basis for improvement.

AP 4040 LIBRARY AND OTHER INSTRUCTIONAL SUPPORT SERVICES

MISSION

Libraries in the SBCCD provide instruction, information resources, and services to support and supplement the instructional programs and statements of the mission of District colleges by supporting intellectual, professional, personal, and cultural development and learning for students, faculty, and staff of the college communities served.

To support this goal, it is the responsibility of faculty librarians to ensure that the libraries provide a wide range of learning resources, at varying levels of difficulty, with diversity of appeal and the presentation of differing points of view, in order to meet the needs for educational development of students, staff, and instructors.

ETHICAL AND PROFESSIONAL CONSIDERATIONS FOR ACQUISITIONS AND COLLECTION MANAGEMENT

STATEMENT OF ETHICS

Overarching acquisition guidelines are based on the following tenets from the American Library Association's *Library Bill of*

Rights:

- Books and other library resources should be for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas

COLLECTION MANAGEMENT

Collection management is required by the standards of the Accrediting Commission of California Junior and Community Colleges (ACCJC), a branch of the Western Association for Schools and Colleges (WASC) Accreditation Commission. These standards are the means by which the Library is tasked to provide an organized collection of print and non-print resources that will meet institutional, curricular research, and instructional requirements, as well as supporting the development of the lifelong habit of reading.

Under the supervision of the appropriate administrator, faculty librarians will utilize their collection management training and skills to ensure that the cultural and personal enrichment needs of the college community are met through the development and maintenance of library collections which best fulfill the above-stated requirements.

Broad objectives for selection of educational materials include:

- To provide materials that enrich and support the curriculum
- To provide materials that will stimulate growth in factual knowledge
- To provide a background of broad-based information resources to empower students to make informed judgments in their daily lives
- To provide materials representative of the diversity of the District, and
- To place library ethics above personal opinion and prejudice in the selection of materials.

As a measure of adequacy the library shall review its collection against the recommended lists of materials for community college libraries, professional journals in all disciplines taught at the college, and current bibliographic publications, and assess, supplement, or withdraw materials from all areas as needed.

CHALLENGES TO MATERIALS

On occasion, a patron may question or challenge the suitability of an item or items found in the collection. On these occasions, the complainant will be reminded that it is the obligation of academic libraries to promote intellectual freedom. As such entities, district libraries will provide materials that promote free, open, and educational discussion of sometimes-

controversial matters in order to prepare students to make informed decisions about challenges in their daily lives. It is the sole responsibility of the librarians and their director or coordinator to make final decisions concerning inclusion and exclusion of materials in the libraries' collections.

CIRCULATION SERVICES

STUDENTS: Currently-enrolled SBCCD students have free access to library materials and services both on campus and online during posted hours. Students utilizing library materials or services will be held responsible for them and overdue fines/replacement costs will apply. At each time of checkout, students must provide to staff their student identification number and a current photo I.D. for protection against identity theft. Certain library material and items must be used in the college library only.

DISTRICT EMPLOYEES: Currently-employed District employees may borrow materials from the circulating collections of the libraries. Standard loan periods and fines will apply. Library services are cancelled upon termination of employment.

COMMUNITY MEMBERS and ALUMNI ASSOCIATION MEMBERS: All are welcome to use the library facility, circulating books, and reference materials while in the building. Upon proof of residence in a college's service area and the verification of a valid email address, individuals over the age of 18 may borrow up to three (3) items from the general circulating collection. An activation fee applies for each specified academic term. Activation fees may vary by location. Community and Alumni Association members are prohibited from use of the Library Computer Lab and may not check out Reserve and Textbook Bank materials nor obtain remote access to databases, as these materials and services are reserved for the exclusive use of the colleges' students.

LIBRARY FINES

Loan periods for library materials vary by item type. Notification of overdue materials will be sent to students via campus email, and it is the responsibility of every borrower to monitor the loan period of the materials s/he borrows. The following fines apply to borrowed materials not returned for any reason:

- **General Circulating Collection:** 10¢ per item, per day, accumulating to a \$5.00 maximum per item borrowed.
 - ♦ **Replacement Cost for General Collection Materials:** A minimum charge of \$40.00 per title, or the cost incurred to replace the title, will be assessed, whichever is greater. If an item is overdue for more than three weeks, it will be considered lost, and a non-refundable clerical fee of \$2.00 per item will be charged in addition to the minimum charge as detailed above. If an item is returned in damaged condition such as to render it unusable by other students (as determined by the Library Circulation Supervisor or by the Library Administration), the same fees shall apply for replacement.
- **Reserve Materials:** 25¢ per item, per hour, accumulating to a maximum of \$10.00 per item borrowed.
- **Textbook Bank Materials:** 25¢ per item, per hour, accumulating to a maximum of \$10.00 per item borrowed.
 - ♦ **Replacement Cost for Reserve and Textbook Bank Materials:** If lost, the replacement textbook copy charge will be the amount incurred by the library to replace the item, plus the overdue fine.
- **Computer Checkout Number (District library may or may not choose to use them):** If the laminated card bearing the computer identification number is not returned when the student has finished a session using a computer, the fine will be \$10.00 for late return of the card on the same day. If the laminated computer number is lost, there will be a \$22.00 charge to cover the loss.

PRINTING SERVICES *(*from AP 5030 Library Fees)*

The Library Computer Lab at SBVC and the Learning Resource Center at CHC provide computer workstations and software for students to complete coursework. Printing services are provided and the fees for utilizing these services are as follows:

- Photocopiers: ten cents (10¢) per page
- Laser printout from computers (black & white): twenty cents (20¢) per page
- Laser printout from computers (color, with or without text): one dollar (\$1.00) per page

		<p>colleges and the language, policies and fines are NOT representative of policies and fine practiced at SBVC or CHC colleges. Fines recommended in the draft AP4040 directly contradict existing BP/AP. The proposed language opens the door to loss of library materials. The proposed language would allow community members full access to the computer labs when we don't have enough computers to serve our student population. Our campus libraries should serve and support the student population.</p> <p>AP 4040 is a new AP and has not existed before. The proposed language was all paragraphs/samples from other colleges, like RCC; but it represented other community colleges and not the SBCCD District Libraries.</p> <p>Library faculty have drafted an AP more reflective of campus policies and procedures. However, each campus has slightly different policies and perhaps the AP should allow the library policies and procedures to be locally defined by the campuses.
